

Baker Brothers Bio

British Funk Renegades - Baker Brothers: A Legacy of Groove and Innovation

Since 2001, British funk luminaries The Baker Brothers have been at the forefront of the funk scene, consistently redefining the genre while staying true to its roots. Their groove, deeply embedded in soulful nostalgia, draws inspiration from legendary acts such as Steely Dan, Sly and The Family Stone, The Doobie Brothers, D'Angelo, The Roots, The Meters, and Prince.

Renowned for their electrifying live performances, The Baker Brothers deliver an "in your face" experience that takes audiences on a journey through their extensive back catalogue, spanning eight studio albums. These albums feature collaborations with notable artists, including Hamish Stewart of the Average White Band, and soul divas Vanessa Freeman and Hannah Williams.

With over ten tours in Japan and numerous European tours under their belt, The Baker Brothers have proven their enduring appeal. They continue to navigate the challenges of band life with unwavering creativity and passion, using music as their vehicle to overcome life's hurdles.

As they forge ahead with new creations, The Baker Brothers' signature sound—characterised by tight horns, a driving rhythm section, and irresistibly funky guitar riffs—remains killer as ever. Their journey is a testament to their longevity and their unwavering commitment to pushing the boundaries of funk.

Quotes.

Dom Servini Jazz FM/Soho Radio - Really loving this! Enjoying the jazzy bits and the more disco bits too. Vox are ace and horns are killer too.

YamWho - Wow - some classic Bakers on here!

Kab Darge - These guys are tiiiight
